

From the pen of his majesty Earth King Jared:

Loyal Subjects,

Last week's scurrilous loss of composure to the wily and frozen hearted Water Tribe shall be avenged (recap below). Our kingdom is strong, sturdy, and enduring, and our goal is nothing less than slamming our rock fists down in joyous thunder as tournament champions. What stands in our way is the light breeze of the Air Nomads. This battle will be ours.

VS

*With a first-half tidal wave the Water Tribe rowed over the Earth Kingdom, coasting in the second half 5-5.
New players: Max(WT), Emily (WT), and Cecil (EK).*

*Hot Fire Nation offense proved just enough to outlast the resilient Air Nomads, who scored the last 8 points of the match in the last 90 seconds. Tough luck, Airbenders.
